**Notice of Filing in *CALLS Order* Remand Proceeding, Access Charge Reform.
Price Cap Performance Review for Local Exchange Carriers, Low-Volume
Long-Distance Users, Federal-State Joint Board on Universal Service**

CC Docket Nos. 96-262, 94-1, 99-249, and 96-45

On March 17, 2003, the Pricing Policy Division of the Wireline Competition Bureau filed an analysis of price cap carrier data regarding the dates by which carriers have reached the average traffic sensitive (ATS) target rates after applying a 6.5 percent X-factor. This information is relevant to the above-captioned proceeding and our further analysis regarding the Commission's selection of a 6.5 percent X-factor as a transitional mechanism to reduce ATS rates to specific target levels.¹

For further information, contact Jennifer McKee of the Pricing Policy Division, Wireline Competition Bureau at (202) 418-1520, or via e-mail at jmckee@fcc.gov.
